Curtain

Max. standard width	20' (6096 mm)
Max. standard height	9' (2743 mm)
Slats	Interlocking flat profile slats with endlocks. Slat profile type F-158, fabricated of galvanized steel (650 Series); stainless steel (651 Series); aluminum (652 Series)
Finish	650 Series: galvanized steel primed with choice of baked-on polyester top coat in gray or tan 651 Series: No. 4 finished stainless steel 652 Series: Aluminum, clear anodized; Option: bronze anodized; Option: powder-coat paint finish in 197 standard colors, or color-matched to specification

Other

Guides	Standard: extruded aluminum Option: 11-gauge roll-formed steel guides (650/652 Series); stainless steel guides (651 Series)
Counterbalance	Helical torsion springs housed in a steel tube or pipe barrel
Brackets	Steel plate to support curtain, counterbalance, and hood
Hood	650 Series: galvanized steel; 651 Series: stainless steel; 652 Series: aluminum
Locking	Standard: Interior slide bolt Optional: cylinder lock
Options	<ul style="list-style-type: none"> • Vision lites • Perforated slats • Fenestrated slats with uniformly spaced openings of 5/8" x 3" (16 mm x 76 mm) • PowderGuard™ premium powder coat paint finish in 197 standard colors, or color-matched to specification • PowderGuard™ Zinc and PowderGuard™ Weathered finishes

Slat Data

F-158 Slat

Series	Slat	Opening Width	Standard
650	F-158	Thru 20'0" (6096 mm)	22 ga.
651	F-158	Thru 20'0" (6096 mm)	22 ga. ss
652	F-158	Thru 20'0" (6096 mm)	aluminum

The 650, 651 and 652 S

When your project requires a high-quality, non-rated counter door system that's as handsome as it is dependable, the 650/651/652 Series will meet your specifications and exceed all expectations. These precision-manufactured rolling counter doors feature a metal curtain in your choice of three finishes — and plenty more options that allow customization to your specific application. Designed to fit openings up to 20' wide by 9' high (6096 mm by 2743 mm), these durable doors can withstand heavy usage or industrial environments, such as stadium concession areas and parts-storage areas. They are also stylish enough for a variety of interior uses, including cafeterias, pharmacies and retail settings.

The Choice of Steel, Stainless or Aluminum.

The 650/651/652 Series curtains are fabricated from 22-gauge galvanized steel (650 Series), 22-gauge stainless steel (651 Series) or aluminum (652 Series) for handsomeness that holds up in nearly any environment. Galvanized steel curtains are factory pre-finished with a baked-on primer and polyester coat to enhance finish durability and minimize field painting. Guides are fabricated of extruded aluminum with continuous silicon-treated strips standard. The option of 11-gauge roll-formed steel guides is offered on 650 and 652 Series doors, and stainless steel guides are available for the 651 Series.

Series. A Solid and Stylish Selection in Steel, Stainless or Aluminum.

Door Selection Guide						
	Curtain	Slat	Finish	Hood	Guides	Bottom Bar
Series 650	Galv. Steel	F-158	Gray or Tan	Galv. Steel	Aluminum/ Primed Steel	Primed Steel
Series 651	Stainless	F-158	#4	Stainless	Aluminum/ Stainless	Stainless
Series 652	Aluminum	F-158	Clear Anodized	Aluminum	Stainless	Aluminum

Factory Pre-Finished for Longer Life.

Durable good looks are the hallmark of the 650/651/652 Series. The galvanized steel curtain featured on the 650 Series is factory pre-finished with a baked-on primer and polyester coat to enhance finish durability and minimize field painting. The standard polyester top coat is available in gray or tan. Powder coat finish is available in choice of 197 standard colors. Color may also be matched to architect's specification to best compliment the look of the facility.

The 651 Series features a stainless steel curtain with a standard No. 4 finish. The aluminum slats of the 652 Series come standard with clear anodized finish. A bronze anodized finish is optional.

High-Performance, Low Maintenance.

The 650/651/652 Series doors are constructed of high-quality interlocking flat slats for a tight fit that is both sleek and attractive. Endlocks secured to alternate slats maintain curtain alignment and prevent lateral slat movement. The counter balance assembly features heavy-duty helical torsion springs in a steel tube or pipe barrel to provide long and reliable service. Optional crank or electric operation further simplifies door operation, and 24 month warranty — as well as our network of Red Ribbon distributors — ensures that your counter doors will perform like new for years to come.

The Original, Innovative Choice for Unequaled Quality and Service

Overhead Door Corporation pioneered the upward-acting door industry, inventing the first upward-acting door in 1921 and the first electric door operator in 1926. Today, we continue to be the industry leader through the strength of our product innovation, superior craftsmanship and outstanding customer support, underscoring a legacy of quality, expertise and integrity. That's why design and construction professionals specify Overhead Door Corporation products more often than any other brand.

The Overhead Door Red Ribbon is a mark of quality that also reflects the pride we take in the people who support our products. Our family of over 400 Overhead Door Distributors across the country not only share our name and logo, but also our commitment to excellence. Your Overhead Door Distributor will work with you in a consultative role to ensure that product selections achieve your design and application requirements — in addition to offering expert installation, professional field service and ongoing maintenance. From project design and manufacturing to installation and service, the Overhead Door Red Ribbon is your guarantee of genuine quality and turnkey service excellence.

Together with our distributors, we offer comprehensive technical information and resource materials to support your project, including:

- Architectural Design Manual – a comprehensive guide to selecting, specifying and detailing all commercial and industrial Overhead Door products can be found at www.OverheadDoor.com/ADM/base.html
- Operation & Maintenance Manual – detailed product information, customized for your project, to ensure reliable, long-life door system operation
- Custom application and technical assistance through ordering plants' customer service and technical services respectively
