# *Choosing a Door*

What to consider when selecting a door

## *Style*

Whether your home is classic or contemporary, Overhead Door offers styles to best complement your home's architecture. For a distinctive, custom look, choose insulated doors from our elegant Courtyard Collection®, Thermacore® Collection, Impression Collection® or the custom fine wood doors of the Signature® Carriage Collection.

## *Safety*

Our Impression Collection® doors provide peace of mind with pinch-resistant panels that help protect fingers. If you live in an area that is prone to high winds, our Wind-Storm™ doors provide reliable protection against high wind damage and offer fine craftsmanship, durability and style.

## *Comfort*

If you live in a climate with extreme hot or cold temperatures, we recommend a well-insulated, thermally-efficient door to ensure your comfort. Some of our insulated doors, including the Courtyard Collection® and Thermacore® Collection, also feature a steel backing that lends a finished, clean look to your garage's interior.

# Signature® Carriage Wood

## Premium wood garage doors

Signature® Carriage Wood doors combine the classic swing-open appearance and detailing of carriage house wood doors with the convenience of sectional garage doors.

### Panel style

Doors provided in unfinished, stain-grade or paint-grade wood.

<sup>4</sup> Polystyrene insulation: Refers to insulation for improved energy efficiency and sound reduction.  
<sup>5</sup> R-value: The higher the R-value, the greater the insulating properties.  
<sup>6</sup> Heavy-duty steel: A thicker, more durable and dent-resistant option, designed to withstand additional knocks and bumps from outdoor activity.  
<sup>7</sup> Backing: Vinyl – For a clean, more finished look and added sound absorption.  
 Steel – Interior-side steel backing for strength and finished appearance.

## Wind load-rated system for garage doors

### Reliable protection against high winds and wind-borne debris

As the largest point of entry, your garage door offers the largest opportunity for high-pressure destruction. That's why when high winds hit, a reinforced garage door is one of your home's – and your family's – most important safeguards against nature's fury. Only WindStorm™ rated doors from Overhead Door not only provide reliable protection against high wind damage, but also deliver door products that feature fine craftsmanship, trouble-free performance, lasting durability and eye-catching curb appeal.
